The bookstore has sent notice on rental of regalia. The deadline is. April 1, 1977 for all participants in this year's commencement. If these notices have not been received by participants please contact Ms. Carr, 556 (voice) and 395 (TTY).

## ENERGY CONSERVATION

Jimmy Carter has asked that Americans be particularly mindful of the energy we consume... and as a result Gallaudet College has tried to maintain a reasonable temperature control. It has been pointed out, however, that many people on this campus have not been as careful with other means of controlling wasted energy. For example, many of the windows on the campus are left open all night. We would like to ask you to be alert to this problem and let us know if you can think of other ways in which we might be able to help conserve energy. In next week's issue of ON THE GREEN I will have another "What do you think?" column.. if you have any statements to include please send them to me by Friday, March 11.

## INTRODUCING...

The Gallaudet College Public Service Programs TTY news service is back in operation with a new editor, Jayne Rizzo, and a new computerized system. We are looking for feedback on the efficiency of this new system. The new phone number is 447-0655 and after the computer answers the phone, it will ask: "Terminal Q. GA" which means that you should type, "TTY," "MCM," or "TVP" (TV Phone) for the type of terminal you are using. Then just follow the directions and the news is yours. At present, only one phone line is operational and we would like to know if you have any difficulties getting the news. Send all feedback to Jayne Rizzo in the Public Service Programs.

DID YOU KNOW.....?

Did you know that the Information number listed in the Gallaudet Telephone Directory is not an operator? The number is manned by the Alumni/Public Relations Office. When looking for a number on campus, please remember that we have only a directory to assist you with and our own jobs to boot. Please pass this info on to your colleagues as we find that most of the people on campus think that this number is the number of a campus operator specifically hired for this purpose. We all thank you!!
